

# Learner Focused Leadership

N2 Learning

*“The central challenge of leadership is not merely change, but sustainability.”*

-Doug Reeves, 2016

## Overview

Learner Focused Leadership is a professional development series that provides a focused approach and framework for instructional initiative implementation. It is designed to help new and veteran campus principals evaluate and implement instructional leadership best practices and positively impact student learning.

Each participant will individually and collaboratively analyze their campus' approach to learning. Personalized leadership plans will be developed through application of research-based, focused strategies that support the change process and provide sustainable success for learners.
